

LEAD & COLLABORATION STYLES

question 1:
how thrilled is your co-worker to work on the job to be done?

0 = not at all;
10 = super duper let's gooo!

question 2:
how skilled would you rate your co-worker on the job to be done?

0 = not skilled at all; 10 = very skilled

how this tool works

if you choose the wrong style, things can get messy. but with the right style, magic happens

step 1

reflect on question 1 and score it from 0 to 10

step 2

reflect on question 2 and score it from 0 to 10

step 3

plot the score in the matrix and discover how you can best collaborate or lead with the other person
